Google software — Search your drive, manage your photos, and simplify Web searches with included Google software.

Dual interface — For all-out, high-speed performance, FireWire 400 is the interface of choice. For convenience and compatibility among multiple computers, USB 2.0 is the way to go. How do you choose? With this drive, you don't have to choose — you get both interfaces on the same drive.

Capacity gauge — See at a glance how much space is available on your drive.

Intelligent drive management — SmartPower™ automatic power on/off, Safe Shutdown™, and LED activity lights make this drive especially easy to use.

Smart design — The elegant case, iconic of a book, takes up less space on your desk, stacks horizontally, and allows two or more drives to nestle neatly together like volumes on a shelf.

High quality hard drive — Inside the case is an exceptionally fast (7200 RPM spin speed), ultra quiet, cool-running hard drive from WD, of course!
