

16GB, 32GB, 64GB, 128GB, 256GB*

SanDisk Ultra® Dual USB Drive 3.0

Flash drive for OTG-enabled Android™ devices¹ and computers

Highlights

- Easily transfer content between OTG-enabled Android™ devices and computers
- Sleek retractable design with dual micro-USB and USB 3.0 connectors
- Up to 256GB* instant storage for Android™ smartphones and tablets
- High-speed USB 3.0 performance with up to 150MB/s** file transfer from drive to computer
- SanDisk® Memory Zone application (available on Google Play™) lets you easily manage and back-up content on your smartphone and tablet²

Quickly and easily transfer your files between OTG-enabled Android™ smartphones and tablets¹ and PC and Mac computers. Free up space to add more photos, videos and songs. Simply connect the SanDisk Ultra® Dual USB Drive 3.0 to the micro-USB port of your Android™ device and move up to 256GB* of content to the drive. Quickly transfer files at up to 150MB/s** from drive to computer with the high-speed USB 3.0 connector. Spend less time waiting to transfer a full-length movie to the drive than with a standard USB 2.0 drive³. The SanDisk® Memory Zone app (available on Google Play™) helps you manage your phone's memory², making it easy to move, view, copy or backup your photos and videos to the drive, so you're always ready to take more videos and pictures on the go.
